

Comprehensive Protection with **Bark for Schools+**

Bark for Schools+ is a premium service for schools that need extra support with managing imminent alerts. You'll also get access to improved workflow management features.

24/7 emergency call and text

Get support for urgent alerts that require immediate attention.

Customized notifications

Deliver urgent alerts directly to the people who need to see them.

Image Removal software

Prevent inappropriate image files from being viewed or shared (*G Suite only*).

Bark for Schools+ helps you respond to potentially life-threatening situations:

- Threats of violence
- Suicidal ideation
- School threats
- Sextortion and predatory behavior

A digital safety net for your students

Get peace of mind knowing someone is always available to alert you to urgent dangers facing your students — at a fraction of the cost of other safety solutions.
