

BARK FOUNDATIONS

# Provide Parents with Peace of Mind

With Bark Foundations, families are able to monitor 15+ of their children’s favorite apps and social media platforms to help keep them safe online and in real life.

## Boost Online Safety for All

Help protect your entire student body with our comprehensive digital safety solution that’s 100% free for every family.

## Empower Parents to Help

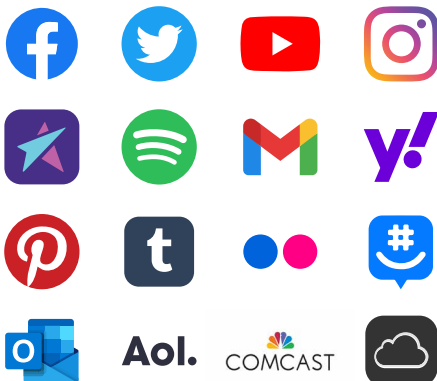

Give your families the tools they need to help address safety and behavioral issues both at home and at school.

## Maintain Student Privacy at All Times

Preserve confidentiality with parent-only alerts — school personnel will never have access to students’ personal account data.

## With Bark Foundations, Parents Can Monitor:

## More About Bark

Bark is an award-winning dashboard that was created by parents, for parents, to offer an alternative to manually checking their children’s phones every night.

We send timely alerts so parents can check in with their kids and make sure everything’s okay.

Visit [bark.us/schools](https://bark.us/schools) for more information or contact [help@bark.us](mailto:help@bark.us) for a personalized quote.
