

Chromebook Resources for Schools

Whether your school has been using Chromebooks for a while or you're brand new to them, Bark for Schools is here to help.

To Use With Bark for Schools

- **Chromebook filtering**: Our Chrome filter allows for restricting specific websites and lets you manage access to whole categories.
- **Chromebook monitoring**: Use this Chrome extension to monitor student browsing activity and get alerts for potential issues.

For Administrators

Provide a safe and positive learning environment for your students with these helpful links that teach you how to:

- **Change Chromebook Organizational Units**
- **Require students to sign in to a Chrome browser**
- **Restrict student use of personal accounts**
- **Block VPN extensions**
- **Engage emergency Chromebook shut-downs**
- **Set up Hangouts Meet**
- **Configure Zoom and G Suite**

To Share With Families

Google Classroom and Your Child's Google Account: For families using Family Link to manage Google Accounts for their kids.

Google Resources

- **Google for Education COVID-19 Support**: This frequently updated site helps educators and IT administrators affected by school closures.
- **Google Teach from Home**: This is a temporary hub of information and tools to help teachers with online learning.
