

How Schools Can Use Title IV Funds for Online Safety

Title IV part A of ESSA is a great source for school safety funding through one category defined as Student Support and Academic Enrichment (SSAE). The funds can be spent on resources like school resource officers, account monitoring, and web filtering products.

How Bark for Schools can help satisfy Title IV requirements

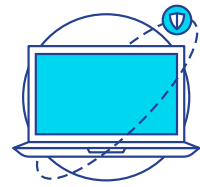

Support safe and healthy students

Monitoring helps protect kids from severe threats like cyberbullying, suicidal ideation, online predators, acts of violence, and more.

Provide students with a well-rounded education

Web filtering helps keep your students on track and block content that may undermine a positive learning environment.

Support the effective use of technology

Bark encourages positive interactions with technologies so that students can take advantage of the best of the online world.

About Bark for Schools

Bark for Schools is available at no cost for all public and private K-12 schools, and our service includes G Suite and Office 365 student account monitoring, Chrome/Chromebook monitoring, and web content filtering. With [Parent Portal](#), schools can enlist the support of parents and guardians to monitor their children's accounts after school hours, during weekends, and over holidays.

Bark for Schools+

Schools can use Title IV funds to sign up for Bark for Schools+, our paid service that provides 24/7 emergency calls and texts, customized notifications, and image removal*. [Bark for Schools+](#) was designed for schools that want to respond to imminent issues as quickly as possible. [Get started today.](#)

** Available for Google Workspace only.*
